935 4<sup>th</sup> Avenue SE  
Rochester, MN 55904-5083

Dear Kevin:

On behalf of the Rochester Better Chance (RBC) Foundation, please accept our sincere gratitude for your participation in the Rochester Area Builders, Inc. 2007 Community Involvement Project, which was the remodeling of one of the bathrooms in the RBC House; as you are most certainly aware, the work was sorely needed. Your support of our organization is greatly appreciated.

Rochester Better Chance has been successfully operating its program in Rochester for over 35 years. This fact is very surprising to many people in the community. At least seventy RBC scholars have walked through the doors of John Marshall High School during that time, taking with them an education and community experience that has enabled them to excel and has changed their lives forever. These scholars truly appreciate the opportunity they have had to receive an excellent education in Rochester, Minnesota, which brought with it the hope for a better future.

On behalf of the RBC Board, Resident Directors, and our Scholars, thank you for your contribution to making our house a better place to live and for promoting diversity in our community. Thank you again.

Sincerely,

A handwritten signature in cursive script that reads "Jackie Olson".

Jackie Olson  
President, Rochester Better Chance

*The bathroom looks great! Thank you!*
